

# KRISTIYAN ENCHEV

Senior Full Stack Developer

## CONTACT

kristiqnenchevv@gmail.com

+359 89 385 6074

## SOCIAL

## PROFILE

Experienced full-stack developer specializing in building enterprise-grade applications with .NET and modern JavaScript frameworks. I architect clean, maintainable solutions following domain-driven design principles, with expertise in:

- ✓ RESTful API design & microservices architecture
- ✓ Clean Architecture & Domain-Driven Design
- ✓ Full stack web application development
- ✓ System integration & performance optimization

## DEVOPS & CLOUD

Proficient in containerization and deployment automation with basic knowledge in:

- Docker
- Docker Compose
- CI/CD
- Kubernetes

*Actively expanding knowledge in cloud-native applications and infrastructure as code*

## EXPERIENCE

### Senior Developer

2024 – Present, Accedia AD

Designed scalable microservices architecture. Led code reviews, sprint planning, and team mentoring.

**Additional Role (2025 – Present):**

SME and Technical Lead consultant for the Identity and Access Management platform of AlexanderForbes.

### Junior Developer

2022 – 2023, Accedia AD

Contributed to backend development using C# and ASP.NET Core, working with SQL Server and Entity Framework Core.

### Carnival Cruise Lines

2014 – 2020, Miami, Florida, USA

Sr. Bartender | Asst. Specialty Restaurant Manager | SteakHouse Server

### Mid Developer

2023 – 2024, Accedia AD

Supporting AlexanderForbes "Common Services" microservices. Implemented RESTful APIs using ASP.NET Core.

### IT Support

2020 – 2022, Kristelin OOD

Provided IT support and system maintenance for company systems.
